Detailed description of project						Type of services provided		
<p>The objective of the assignment is to support the Kenya Education for Employment Program (KEFEP) procurement process, including the procurement of up to 5,025,000 Canadian dollars of project-specific equipment for the 10 Kenyan National Polytechnics to support the delivery of new curricula developed at these institutions.</p> <p>CiCan champions education, training and innovation on a global scale. Through linkages with Canadian colleges and institutes, CiCan helps to transform tertiary education systems in lower-income emerging economies by working with governments, employers, multi-lateral organizations, and educational institutions. These initiatives ensure that students can access advanced and gender-responsive industry-relevant training that leads to employment and enhances economic and human development.</p> <p>KEFEP has been modelled after past CiCan Education for Employment (EFE) projects, through which Canadian institutions share experience and expertise in applied education and training, tailored to local communities and employers' needs.¹ The EFE approach strengthens national and local skills development capacity by supporting transfer of knowledge and know-how between local education and training institutions and Canadian colleges and institutes, ministries of education and labour, sectoral ministries, training authorities, and other stakeholders.</p> <p>The Kenya Education for Employment Program (KEFEP), is working in collaboration with the Kenyan Ministry of Education (MOE) to support Kenya in the revitalization of the Technical Vocational Education and Training (TVET) system</p>						<p>Supply chain management and procurement services, including;</p> <ul style="list-style-type: none"> ✓ Detailed procurement framework, including procurement thresholds, methods of procurement, selection of suppliers, price negotiation ✓ Sector consultation/ review ✓ Equipment mapping ✓ Site-surveys and monitoring of Works at 10 NPs ✓ Preparation of tender documents ✓ Procurement timeline, based on partner institutions and partner workplans ✓ Financial timelines with milestones ✓ Contracting and place purchase orders ✓ Periodical Progress reporting ✓ Signing of for Provisional Acceptance ✓ Clearance for payments ✓ Signing of for Final acceptance ✓ Settling disputes with suppliers
